

2025

# LET'S VISION

Speakers Highlights Guide

Keynote Speaker

**Sarah  
McClanahan**

Design Evangelist at Apple

Design great apps for visionOS

**Ryan  
McLeod**

Apple Design Award Winner(2017 & 2024), Blackbox Creator

Blackbox, evolved: The leap into the living room

**Doug  
North Cook**

App Store Awards 24 Winner, Creature CEO

THRASHER : Getting to Game of the Year and What Comes Next

**Mike  
Mandel**

App Store Award 24 Winner, Co-Creator of THRASHER

THRASHER : Getting to Game of the Year and What Comes Next

**Salvatore  
Emanuele Agosta**

Senior Design Mentor – imaginary institute

Designing human-centered spatial experiences

**Giovanni  
Monaco**

Senior Coding Mentor – imaginary institute

Designing human-centered spatial experiences

**Hyacinth**

AIGC Experimental Film Director

Real-time AI image in Apple

**Cosmo**

Founder of ILLUSION Tech、Creator of Seasons and Story

Story App : Our answer to the new era of Spatial Media

**QianHui  
Liang**

Founder of N7 Interactive, architect and interaction designer

SCENO: Exploring space images and self -expression, linking the world

**Simon  
Lee**

AIGC Artist, 3D Artist

Real-time AI image in Apple

**Linda  
Sheng**

The GM of Global Business at MiniMax

AI-powered App Developers Going Global

**Keke  
Le**

TAOBAO & TMALL GROUP Multi Platforms Innovation Design Leader

Taobao Vision Pro Version Design Practice Sharing

Keynote Speaker

**Jason  
Lee**

A technology mentor at Apple Developer Academy

Bring LLMs Home : On-Device AI Integration and Optimization

**Chen  
Cheng**

Technical Operations Lead for the ModelScope Community

Exploration and prospects of efficient deployment and application of large models on the edge of M core

**Jonathan  
Cui**

Founder of TouchFuture, Head of XR Studio at TAL Group

Unity Apple Vision Pro Game Development Practical Experience Sharing

**James  
Dale**

Founder of Friday Technologies

Engineering AI & Machine Learning experiences for visionOS

**Wei  
Liu**

Technical Director at Epic Games China

Apple Development with Unreal Engine

**Allen  
Dang**

AIGC Content Creator

The World is Shaped by the Mind

**Jie  
Ji**

Creator of Chinese Character Repairer

“Chinese Character Repairer” and the development story

**KeJun  
Zhang**

Professor at Zhejiang University

Challenges and opportunities of information and interaction design

**Paul  
Hudson**

Creator of Hacking with Swift

Flocking with Swift

**ZiYang  
Zhang**

Swift Student Challenge Winner

Welcome to Spatial Intelligent Computing

**Daiki  
Matsudate**

Organizer of try! Swift Tokyo

Seamless Identity Verification: Implementing Face Authentication and Liveness Detection with iOS/Swift

**Megabits**

Indie Developer, PomoNow Creator

App as an Artistic Endeavor

Keynote Speaker

Ming  
Dai

Senior iOS Developer

Use AI to improve iOS  
development capabilities

Peng

The Senior Product Manager of Aqara

Success in theApple  
HomeEcosystem:Seamless  
SmartHome Integrationand  
InnovativeApplications

Yang  
Xu

Fatbobman, Swift Blogger

Exploring the Secrets of  
SwiftUI Layouts

HaiFeng  
Xu

Senior iOS Developer

Step into the world of visionOS  
Shaders to achieve advanced  
visual effects

ZhenHao  
Qi

Founder and CEO of mytimes VR

Using virtual production  
technology to expand the  
boundaries of VR immersive  
imagery

XueChun  
Guo

MZ-Digital Co-founder

Using virtual production  
technology to expand the  
boundaries of VR immersive  
imagery

XiangBo  
Ruan

Spatial Audio & Dolby Atmos Engineer &  
Eventide Artist

Exploring the Popularization of  
Apple Spatial Audio Concept  
and Its Future Possibilities

Terry  
Gao

Founder of Future East Label Spatial  
Audio Engineer

Exploring the Popularization of  
Apple Spatial Audio Concept  
and Its Future Possibilities

Ning  
Tang

Founder of MixWorld

Space computing equipment  
should pay more attention to  
space

Clement  
Boissiere

Founder of SXP Studio, Creative  
Technologist

Breaking Boundaries: Your  
Whole House is Now a Game

Eduardo  
Herranz

Co-founder Spatial Voyagers, XR  
ecosystem entrepreneur

Avoiding Pitfalls in Spatial  
Computing Projects: Key  
Factors for Success

Krishnaprasad  
Jagadish

Founder and CTO at Chaarana Labs

The story of storytelling in the  
immersive video world

Workshop Coach

**Paul  
Hudson**

Creator of Hacking with Swift

Workshop: Level up your Swift and SwiftUI

**MengQi  
Pei**

Product Designer, Design Sprint China Master

Design Sprint Workshop: AI-Driven Product Innovation

**Suejung  
Huh**

Creator of Camille World

Workshop: How to make a WebXR app for Vision Pro

**Chen  
Cheng**

Technical Operations Lead for the ModelScope Community

ModelScope Workshop: Deployment and Application Development on macOS for Tongyi Qianwen

**Steven  
Lynn**

Dify.AI Community Operations, Developer of Twi.am

Use DIFY.AI + Cursor to build multi-modal translation software

**TEN Framework  
Coach**

TEN Framework coach

Build Your Own “Jarvis” in 1 Hour: Operate Computer with Voice!

Free Public Service Speaker

**ZiLi  
Huang**

Lock Launcher Founder & Digital Bunner

Public Welfare Roundtable host

**Efrain  
Aldaz**

MStars Marketing Brand Director

Unlock Apple Ads: Opening a new channel for marketing growth

**Yue  
Cai**

Music Mate Founder & Developer

Dig into Apple Ads’ high-potent keywords and ignite the App investment growth curve

**YuShuang  
Zhou**

Xmind App Store Operations Leader

The core role of Apple Ads in App Store growth

Roundtable Guest

**Oliver  
Weidlich**

Director of Design & Innovation at  
Contxtual

From visionOS to the Future:  
The Next Step for the Apple  
Ecosystem - Roundtable host

**Luna**

Investment Operation Director at  
ZhenFund, developer of Tree Magic app

Unlocking the Potential of AI in  
the Apple Ecosystem -  
Roundtable guest

**Sarah  
McClanahan**

Design Evangelist at Apple

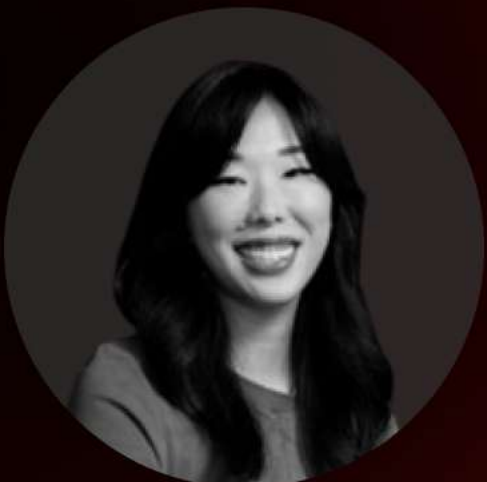

From visionOS to the Future:  
The Next Step for the Apple  
Ecosystem - Roundtable host

**Jade**

Head of Developer Community at  
MiniMax

Unlocking the Potential of AI in  
the Apple Ecosystem -  
Roundtable guest

**Linda  
Dong**

Design Evangelist at Apple

From visionOS to the Future:  
The Next Step for the Apple  
Ecosystem - Roundtable host

**Sienna**

VAST CMO

Unlocking the Potential of AI in  
the Apple Ecosystem -  
Roundtable guest

**Wu  
Xu**

Angel Investor, Founder of  
Maoyan, venture partner at Zhenfund

From visionOS to the Future:  
The Next Step for the Apple  
Ecosystem - Roundtable host

**YingDa  
Chen**

Director of Engineering at Tonyi-Lab and  
manages the development of ModelScope

Unlocking the Potential of AI in  
the Apple Ecosystem -  
Roundtable guest

**Aaron**

The Co-founder of ILLUSION Tech/COO

From visionOS to the Future:  
The Next Step for the Apple  
Ecosystem - Roundtable host

**James  
Dale**

Founder of Friday Technologies

Unlocking the Potential of AI in  
the Apple Ecosystem -  
Roundtable guest

**Yuki  
Kobayashi**

CEO & Co-Founder of MESON

From visionOS to the Future:  
The Next Step for the Apple  
Ecosystem - Roundtable host

# THANK YOU
